

# Sulfate isotopes in a heavily polluted river network

Tobias Goldhammer<sup>1</sup>, Juliane Lenz<sup>2</sup>

<sup>1</sup>Leibniz-Institute for Freshwater Ecology and Inland Fisheries

<sup>2</sup>University of Bremen, Department of Geosciences, Germany

Dear colleagues,

please access our display material via this temporary link:

<https://nimbus.igb-berlin.de/index.php/s/9SCKZzddTncrbr4>

Happy to assist if things do not work as intended.

Regards,

Tobias
